

and it may have far-reaching national security consequences long into the future.

It has taken nearly 5 months of struggle and arguing with the Clinton administration to release the Cox Report. Mr. Speaker, for myself and the many concerned Nevadans that I represent, all I can say is, it is about time.

It is about time that the American people found out if China's nuclear arsenal was built from the genius of the American people, on the backs of the American taxpayer.

It is about time that the Americans learn if the U.S. nuclear weapons labs will meet even minimum security standards some time next year.

But it is ultimately about time that this administration accepts responsibility for its years of inaction in this unfortunate situation, and has the intestinal fortitude to make the appropriate changes.

I yield back this Chinese spy menace, Mr. Speaker, and hopefully today the phantoms will be revealed. It is about time.

CALLING FOR RESIGNATION OF SANDY BERGER

(Mr. TRAFICANT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TRAFICANT. Mr. Speaker, the fact is Sandy Berger is our national security advisor. The fact is Sandy Berger was once China's chief lobbyist in America. The fact is now there is a hole in our national security so big we could throw Berger and all our secrets all the way to China nonstop. Beam me up.

I am not accusing Sandy Berger of any wrongdoing. But for the good of America, Sandy Berger should resign as our national security advisor. Sandy Berger is very close to China. In Washington, perception becomes reality.

Mr. Speaker, I yield back any secrets we have left.

MORE QUESTIONS ARISE ABOUT WHO KNEW WHAT WHEN RE- GARDING CHINESE ESPIONAGE

(Mr. WICKER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WICKER. Mr. Speaker, the long-awaited Cox Report on Chinese espionage becomes public today, and we already know many of the stunning details about the loss of our most sensitive nuclear secrets.

The President's press secretary says this goes back 20 years and there is no Democrat or Republican face on it. He is using the "everybody does it" defense. The Energy Secretary has cautioned us not to overreact.

But how should we react to the worst spy case in American history? It is

clear that Clinton-Gore administration did not react at all after this was discovered in 1995. Why wasn't the President briefed on this in 1995, in 1996, 1997, 1998 or 1999? If he was, why was nothing done?

Attorney General Janet Reno is being set up to be the scapegoat in this scandal, but there are a lot more questions which the Clinton administration must answer about who knew it and when they knew it.

NATIONAL MISSING CHILDREN'S DAY

(Mr. FARR of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FARR of California. Mr. Speaker, there is an old saying about there being a special God for children. Certainly we would like to think that someone is watching over our young people, protecting them from harm. But, tragically, we know this is not the case.

Our community in the central coast of California lost a beautiful 13-year-old girl last year. That forever changed the lives of the Williams family and the thousands of local volunteers who donated thousands of hours searching for us.

As innocently as many of our children do every day, Christina took the family dog for a walk on June 2, 1998. Seven months later, her parents' worst nightmare came true when her body was discovered January 12, 1999 three miles from the Williams home. The day Christina Williams' body was found was one of the darkest days I have seen on the central coast of California.

Her family and friends said good-bye and vowed never to forget their daughter, sister, and friend. We had to learn to turn our anger and pain into a mission to make our community a safer place to raise our children. From our effort can hopefully come a larger recognition/realization that if we lose one of our children to violence, our society is morally weaker, for we can only imagine the potential that a child had to offer that society.

I wear this ribbon as we observe National Missing Children's Day.

I am wearing this white ribbon as a symbol as we observe National Missing Children's Day. I extend my heartfelt condolences to the family of Christina Williams and to each and every parent and family who has lost a child and pledge my efforts to be a protector of our nation's children.

CHINESE THEFT OF NUCLEAR TECHNOLOGY HAS ADVANCED THREAT BY A GENERATION

(Mr. CHABOT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CHABOT. Mr. Speaker, the Rosenbergs were executed for giving the former Soviet Union secret information which allowed them to advance their atomic weapons program by 5 years.

The Chinese theft of nuclear weapons technology which has recently occurred under this administration has advanced the threat to our Nation by a generation.

This administration loves to say we have to do this, we have to do that for the children. Think of how much American children's lives have been endangered by this administration because of its lax security measures.

Campaign contributions from the head of the Chinese military intelligence to the Clinton administration; and this administration's response, we need campaign finance reform. They do not even follow the laws in the books that we have now.

Now the Clinton administration screams for gun control. Yet, they invite Chinese arms dealers to coffees at the White House, yes, for campaign donations. Unbelievable.

SUPPORT SAFE PARKS ACT OF 1999

(Mr. GREEN of Wisconsin asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GREEN of Wisconsin. Mr. Speaker, I rise today to introduce an important bill, the Safe Parks Act of 1999.

Mr. Speaker, our national parks are not as safe as we would expect them to be. In 1997, there were over 550 reported sex offenses in our national parks. Even more disturbing, 1997 saw 33 forceful rapes and 11 attempted rapes in those same national parks. That is a rape or attempted rape about every 8 days on Federal lands that are supposed to be safe havens for our families.

That is why I am introducing the Safe Parks Act today. It is a simple bill, barring any convicted sex offender from entering our U.S. parks.

Mr. Speaker, in honor of National Missing Children's Day, please join me in supporting this measure to help defend the sanctity of our Federal parks for our kids.

NATIONAL SMALL BUSINESS WEEK

(Mr. KNOLLENBERG asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KNOLLENBERG. Mr. Speaker, this week is National Small Business Week. I rise in recognition of the important role that small businesses play in our Nation. Small businesses are vital to our economy and our communities. Just listen to some of these facts.
